

EC CERTIFICATE

NOTIFIED BODY NUMBER 2821

CERTIFICATE OF CONSTANCY OF PERFORMANCE CERTIFICATE No. 2821-CPR-0133

This is to certify that UL International (Netherlands) B.V. did undertake the relevant AVCP procedures for the equipment identified below which was found to be in compliance with the Regulation (EU) No 305/2011 of the European Parliament and of the Council of 9 March 2011 (the Construction Products Regulation or CPR), this certificate applies to the construction product, subject to any conditions attached hereto.

Manufacturer: **Polyseam Ltd**

Address: 15. St. Andrews Road, Huddersfield, West Yorkshire, HD1 6SB, UK

Product Description: A flexible pad or cord used to reinstate the fire resistance performance of wall and floor constructions where they have been provided with apertures for the penetration of insulated or uninsulated metallic pipes, cables, and pipes or cables into socket boxes. The Graft FR Putty is supplied precut to size with a peel off strip to both faces to prevent it from bonding materials other than for the desired application. The Graft FR Putty is installed by removing the peelable strips and wrapping the pad around the socket box where it penetrates the face of the wall and covering the back face of the box. When installing around service penetrations, the Graft FR Putty is installed by removing the peelable strips and wrapping the pad around the service where it penetrates the face of the wall or floor.

Model Reference: GRAFT FR Putty

Places of production: A/003

ETA(s)& EAD(s): ETA-21/0343 issued on 09/04/2021 and EAD 350454-00-1104

This certificate attests that all provisions concerning the assessment and verification of constancy of performance described in Annex ZA of the above referenced standards, under system 1 for the performance set out in this certificate are applied and that the factory production control conducted by the manufacturer is assessed to ensure the constancy of performance of the construction product.

This certificate will remain valid as long as neither the standard, the construction product, the AVCP methods nor the manufacturing conditions in the plant are modified significantly, unless suspended or withdrawn by the notified product certification body.
